1. Amended Award Conditions - Native Village of Selawik

***Award Conditions to the Financial Assistance Award
Between the Denali Commission and The Native Village of Selawik
Award No. 1167 Amendment 1
March 2010***

All changes to the award conditions are noted below.

1. Scope of Work

This amendment reduces the funding by a total of \$89,558. \$81,471 of FHWA Section 1960 2009 Surface Transportation funds and \$8,087 in State General Funds will be reduced, leaving a total of \$270,000 for the project.

This amendment allows the Native Village of Selawik to move forward to complete design and construction of an available and immediately needed housing access board road segment integral to the original award document, while the larger, overall project, being developed by Alaska Department of Transportation and Public Facilities proceeds under a longer timeline and separate design effort. The Native Village of Selawik design and construction project will include:

- Survey to establish project limits
- Environmental documentation
- Final Design
- Materials Purchases with Commission funds
- Labor forces provided through BIA funding under applicable force account rules

Project performance shall be monitored and measured on a quarterly basis using the documentation of record (project nomination) as a reference point, making updates as necessary. The following items shall be monitored and reported in the narrative of the quarterly report:

1. Improving access to housing
2. Improving ATV and pedestrian safety

There are no other changes to the original Financial Assistance Award, as amended.
